

MIT Commuter Survey 2021

MIT Commuter Survey

The Parking and Transportation Office, the Environment, Health and Safety Office, and the Office of the Provost are jointly sponsoring a short, **2-5 minute survey** on commuting to the MIT campus. The State of Massachusetts and the City of Cambridge require that MIT collect data related to how you get to MIT every day. This survey is intended for you whether you commute to campus or not.

As an incentive to participate, we are offering the chance to receive one of 800 TechCASH prizes, valued at \$25 each, to individuals who complete the survey.

The survey is voluntary. You may answer as few or as many questions as you wish. The data are confidential, and the results will be presented in a way that protects the privacy of respondents. For the purposes of analysis, we may combine other data with your responses to this survey.
